

Global Marine Travel Alliance

MTA7 is a Global Marine Travel Alliance of leading independent marine travel experts in their own market places.

Welcome

MTA7 has been created in 2007 by six highly service-minded marine travel companies, with over 119 million USD turnover as a group, and has almost 140 marine and 70 offshore fare contracts, making the partnership a major force in the marine and offshore markets.

By forming this alliance we bring to the market a level of quality of service and competitive prices not provided by other marine travel groups.

We bring to the market a level of quality of service and competitive prices not provided by other marine travel groups.

Our Ethos

We work together to bring the best prices and services to all our customers and we all work from the same ethos: “Delivering a high quality service at a cost effective price”.

This means that our clients, wherever they may be, can rest assured that they receive the best pricing together with confidence, if their travellers have problems whilst travelling in countries where we are represented, they will receive the same standard of service as they are accustomed to.
